winner, Reed Fretz

Please consider a donation to support our mission as we continue to protect land and nature around our homes in the Lebanon Valley! Fill out the enclosed envelope or donate online by scanning the QR code.

Celebrating 25 years of conservation & community

Twenty-five years ago, a small group of passionate locals came together with a big dream: to protect the natural beauty and heritage of Lebanon County. That dream became the Lebanon Valley Conservancy (TLVC), and since then, we've grown into a trusted steward of the land, preserving over 1,200 acres and planting thousands of trees. From farmland and forests to historic sites and waterways, our work has helped ensure that the Lebanon Valley remains a vibrant, healthy place for people and wildlife alike.

Growing together with you

Today, TLVC is thriving thanks to the incredible support of our community, partners, and volunteers. We continue to expand our conservation efforts through land preservation, tree planting, and environmental education. Our programs and events are designed to engage people of all ages and backgrounds—whether you're a student discovering native wildlife, a history enthusiast exploring the region's heritage, or simply someone who loves the outdoors. These meaningful experiences are made possible by the generosity of our members and donors, whose support fuels every step we take. If you believe in protecting the beauty and legacy of the Lebanon Valley, we invite you to join us. Your involvement truly makes a difference and helps us grow!

Looking ahead: the future of the Lebanon Valley

As we close out our 25th year, we're not just looking back, we're stepping into the future. TLVC is ready to grow deeper roots and reach new heights. We're working to preserve more of the Lebanon Valley's treasured landscapes, expand clean water initiatives, and provide educational opportunities to residents of all ages. We're also creating new ways to connect, celebrate, and care for the place we all call home. None of this would be possible without the shared commitment of people like you. With your continued encouragement and involvement, we can ensure the Lebanon Valley remains a place of beauty, connection, and conservation for generations to come.

thanks

Thanks to our members, business sponsors, volunteers, donors, and community partners who supported our initiatives this year. We look forward to connecting with you again in 2026!

Abigail Harvey, executive director; Courtney Reimann, land protection director; and the TLVC Board of Directors
